The Lee and Hancock County Shoppers have merged with Mississippi Valley Publishing Company, publisher of the Keokuk Daily Gate City, Fort Madison Daily Democrat, Hancock County, Ill., Journal-Pilot, and Bonny Buyer. The merger was effective Tuesday. Bill and Steve Helenthal, longtime publishers of the Lee and Hancock County Shopper, have joined the company as vice presidents and directors, and have been appointed co-publishers of all Mississippi Valley publications and products. The Helenthal brothers have a long history in publishing activities in the region dating back to the Shoppers Free Press which was founded by their father, Francis J. Helenthal, in 1972. Steve and Bill, known as "The Shopper Brothers," both joined the publication after graduating from Hamilton High School, and founded the Hancock County Shopper following Francis' retirement as publisher of the Keokuk Daily Gate City in 1984. The Helenthals expanded the shopper into Clark County, Mo., and South Lee County following the opening of the new Keokuk-Hamilton, Ill., bridge. More recently, the shopper's distribution has grown to cover the northern regions of Lee County as well as Farmington in Van Buren County. Both brothers are community-minded and heavily involved in various area projects. Steve is chief of the Hamilton Volunteer Fire Department, and has been a member of the department for 25 years. He also helped organize the development and construction of the new fire station addition in Hamilton. "I'm very pleased with the formation of the new Mississippi Valley Publishing Company with Mr. Perrotto and his family," Steve said. "It's our pledge to you, our readers and advertisers of the Tri-State Area, to bring the very best in news, advertising and delivery possible." Bill is very active in the community, maintaining membership in the Hamilton Kiwanis Club for more than 30 years. He has been chairman of Kiwanis community fundraising efforts, which support Hamilton area events and activities, including scouting, schools, parks, and food pantry, and support for families in need during the holidays. "Steve and I are excited about the possibilities for this new venture, with focus on some old ideas for our subscribers and introducing new programs for our advertisers," Bill said. "Bringing local ownership back to these longtime historical papers is a dream come true for us, and we look forward to the opportunity." Steve sons, Mike and Jason Helenthal, are continuing the family publishing tradition as both hold key positions at the Lee and Hancock County Shopper. Mike is a graphic designer, and Jason works in advertising sales and production and distribution. "Bill and Steve Helenthal are dedicated publishers who have a long history of publishing in this area, and are dedicated to the progress of each of the communities located in these counties," said Mark J. Perrotto, chief executive officer of Community Media Group and Mississippi Valley Publishing Inc. "We are pleased to have this opportunity to join the considerable resources of these various publications and the talented staffs to better serve the readers and businesses of this important region."

**R**ed Ribbon Week is the nation's oldest and largest drug prevention program in the nation reaching millions of Americans during October every year. By wearing red ribbons and participating in community anti-drug events, young people pledge to live a drug-free life and promote the message of positive choices and lifestyles.

With the help from the local businesses TSS, Inc. worked with over 3,500 students in the surrounding tri-state area. This year's theme for Red Ribbon Week was "YOLO, Be Drug Free". On behalf of TSS, Inc we would like to thank you for your generous donations. Without the help from each and every one of you this wouldn't be possible.

Jim Cordes says, "Dave Heaton is our State Representative, our state's economic growth is directly tied to the skills and education Iowans can bring to the job. Today, many companies have openings because they cannot find workers who have the necessary skills to do the work.

As our Representative, he has worked hard to provide our children with the education and skills necessary to succeed in the Iowa economy. We need to expand these efforts by providing our high school students with the chance to gain job skills through school to career programs. Our job training

programs need to provide the skills now needed by Iowa employers. And we need to make sure that higher education at our community colleges and universities is attainable and affordable for all students.

Iowa is a great place to live, work and raise a family. Working together during the next two years, we can make sure all Iowans have the skills needed to compete and succeed in the world today. I would appreciate your vote so we can turn these ideas into action. On November 8, vote Dave Heaton for State Representative.

# OPEN ENROLLMENT IS COMING. ARE YOU READY?

**Rashid Pharmacy can help you save money on your Medicare plan.**

Benefit from a personal pharmacist's knowledge of the donut hole and alternative drugs and you can save as much as \$1,000 per year on your copays.

As a loyal customer to our pharmacy or another pharmacy you deserve the best care and attention from our staff, but we also want to help you decrease your healthcare costs whenever we can. Did you know that most folks save around \$800 per year just by making sure that they are on a Medicare Part D plan that fits their medications properly? That's huge!

While choosing the right Medicare Part D plan can save you money, it can be a confusing process. From October 15th to December 7th, you have the opportunity to either continue with your current Medicare Part D plan or switch to a new plan that will take effect on January 1st, 2017.

As your neighborhood pharmacy, we'd love the chance to make finding the perfect plan a little easier. We're happy to provide you with a free consultation using iMedicare. iMedicare allows us to easily pull your drug list right from our database and create a personalized plan comparison report for you in seconds.

Our Free Medicare Plan Comparison with iMedicare will show you:  
Which plans do and do not cover your medications;  
Which plans have high premiums and deductibles and which do not;  
Which drugs require prior authorization from you physician, have quantity limits, or require step therapy;  
What you can expect to pay out of pocket for the entire year, and when you can expect to enter the donut hole;  
How your current plan compares to those available for 2017.

**SCHEDULE YOUR FREE CONSULTATION**

Medicare plans change every year. We can save you a lot by taking a look at your prescriptions and Medicare plan options.
